Performance Dashboard

Instructors can view a summary of student activity in the Blackboard course by accessing the performance dashboard. All users enrolled in the course are listed, including instructors, students, teaching assistants, graders, observers and guests. See a person's last access date and time, how many Review Status items have been completed, the student's progress through Adaptive Release rules, and a summary of their Discussion Board activity.

Access the Performance Dashboard

Click on the **Control Panel.**

Select **Evaluation.**

Select **Performance Dashboard.**

In the **Review Status, Adaptive Release** and **Discussion Board** columns, click on the number or icon to see a summary page for this person.

Tip: *Columns can be sorted by clicking on the column heading.*
